FAMOUS BAND TO PLAY

HAWAIIAN HOTEL GAYETY
WHEN TRANSPORT ARRIVES

SPECIAL DINNER AND DANCE—ST. VALENTINE'S DAY WILL BE CELEBRATED WITH APPROPRIATE PROGRAM.

Thursday night will show at the Royal Hawaiian one of the most gala scenes that Honolulu has witnessed in many a long day. Captain Armistead of the Twenty-first Infantry has promised the regimental band to play at the church the night the transport arrives in Honolulu and the following program has been arranged:

A special dinner, with music by Holmstrom's Quintet Club, followed by a dance, the military band playing selections during intermissions. In other words there will be something "doing" every moment of the time.

Tuesday, February 14th, St. Valentine's day, will see what is practically the opening of the Royal Hawaiian under the new management. The hotel will be specially decorated for the occasion, while a St. Valentine's dinner of rare excellence will be served.

The dance given for the colonel and officers of the Twenty-first will be open to the public, but the St. Valentine's dance will be strictly invitation only, about a thousand invitations having been sent out.

FEDERATION IS FORMED

HAWAII'S CIVIC SOCIETY
FULLY ORGANIZED

HUGHES OBJECTS TO GOVERNMENT OFFICE-HOLDERS TAKING OFFICE IN THE ASSOCIATION.

The Civic Federation of Hawaii was yesterday afternoon perfected in organization at a special meeting. W. R. Castle presiding, and Ed Towse acting as secretary.

Mr. Castle received the objects of the association. The meeting was to hear the recommendations of a special committee having charge of the revision of the Constitution and By-Laws. The report advised an elective committee of fifteen members.

H. J. A. Hughes, went on record as objecting to any office holder holding office in the Federation. Attorney Withington did not agree with Hughes. Judge Weaver asked why he had been asked to attend the meeting. The Judge is an office holder. The matter was not gone into. The amended Constitution and By-Laws were unanimously adopted. The following were added to the committee of fifteen: Lorin Andrews and George W. Smith, three years; R. H. Trent and J. A. Hughes, two years; C. B. Wood and Percy Horne, one year. Nine were originally appointed.

The executive committee held a session following the general meeting. Local option was discussed, but no action was taken. The following were among those present:

W. R. Castle, G. P. Castle, Rev. Do-remus Seider, D. D., F. J. Lowrey, S. M. Kamae, David A. Hughes, Lorin Andrews, Professor R. S. Hooser, Theo. Richards, President A. F. Griffiths, President P. L. Horne, Ed Towse, C. G. Boekus, D. L. Withington, J. A. Hughes, Rev. O. H. Gulick, L. Crook, William Allison Bryan.

In executive meeting the following officers and committees were elected and appointed:

President, W. R. Castle; first vice president, F. J. Lowrey; second vice president, Theodore Richards; secretary, Ed Towse; treasurer, C. H. Dickey.

Executive committees: Membership and finance—C. H. Dickey, R. H. Trent, David A. Hughes, and public servants—John A. Hughes, Lorin Andrews, W. R. Castle, park, streets and public works—A. F. Griffiths, F. J. Lowrey, George W. Smith; education, charities, and public health—C. B. Wood, P. L. Weaver, Theodore Richards; law and order—D. L. Withington, D. Scudder, D. D. Ed Towse.

ARE CULTIVATING RUBBER.

Consul General Williams at Singapore reports to the State Department as follows: As supplemental to my reports on rubber culture of January 12 and June 23, 1934 (Daily Consular Reports, Nos. 1904 and 2035), I have now to state that there is much activity in rubber culture in Ceylon, Java, Sumatra, Borneo, and the Malay Peninsula. Because the United States is a large consumer and the Philippine Islands possess, in climate, latitude, and richness of soil, far better conditions for successful production of rubber than do the other domains named, I again urge upon Americans the wisdom of planting Para rubber in the Philippines.

Purser Wright of the Mikahala, arriving this morning from Kauai ports, reported as follows: "Bktn. Koko Head at Makawell discharging coal; has 1500 tons out. Bark W. B. Flint at Makawell, discharging ballast. Sch. Rosamond at Elele, discharging coal; has 415 tons discharged. Light southeast winds and smooth seas crossing channel. Fine weather on Kauai."
